

KALGIDHAR
SOCIETY BARU SAHIB.1983

Date: 1st March 2021

Ref No.: SM/KS/II/2021/018

TO WHOM SO EVER IT MAY CONCERN

It is to certify that we have adopted Marconite Conductive Concrete technology for our Solar Power projects installed in the northern part of India.

82 nos. of Marconite treated earth pits were installed in the aggregated capacity of 1.2 MWp spread across 12 locations in Punjab, 11 Akal Academies and Akal University, Talwandi Sabo, Bathinda. The recommendation of the Marconite earth pits was made by our solar consultants. These pits were installed in 2018 and did not require any water maintenance.

So far, we are satisfied with the performance of these earth pits. We appreciate the technical support and service provided by M/s Inter-Tech. New Delhi. We wish them best for their future endeavors.

Thanking You.
