

**PROTECT YOUR PLANT.
POWER YOUR PRODUCTIVITY.**

INTER-TECH BRINGS TO YOU AN EARTHING SOLUTION FOR

WHY EARTHING IS SO IMPORTANT FOR YOUR FACTORY?

- **Protects against electric shocks** by providing a safe path for fault current, reducing injury risk to your workforce.
- **Safeguards expensive equipment from damage** due to surges and voltage fluctuations, extending their lifespan.
- **Prevents electrical fires** by safely diverting excess current from faults, short circuits, or lightning into the ground.
- **Marconite® is The 4th Generation Earthing Solution**, which is Non-corrosive, ultra-conductive, and designed to last 50+ years. Earth resistance values, once achieved, remain consistent for 50+ years with zero maintenance.
